

Welcome to Erityisjäte Forssa!

Upon arrival, please report to the info point in the office or contact your host, who will provide you with further instructions.

Traffic and moving around the site

Parking and movement within the area are permitted in designated areas or in accordance with the landowner's instructions.

When moving around the area, stay on the route designated by the host and be especially careful of work vehicles, as visibility from them is limited. It is prohibited to stand under or walk beneath the loads carried by work vehicles. The maximum speed limit in the area is 30 km/h. You move around at your own risk.

Personal protective equipment

When moving around the processing area, you must wear high-visibility, long-sleeved and long-legged clothing, safety footwear, and a helmet. You must also wear other personal protective equipment as instructed by your host.

Use of cameras and smoking

Photography is prohibited in the production facilities and on the field. Photography is permitted only with the host's permission. Smoking is prohibited in the processing area.

Safety observations

Anyone in the area is asked to report any hazardous situations or other safety concerns to their host.

Assembly point

In the event of an emergency, the designated assembly point for the area is next to the main gate of the Loimi-Hämeen Jätehuolto Oy office building.

In the event of an emergency, guide the rescue department to
Kiimassuontie **and ask to follow guiding signs to Erityisjäte.**

Reporting an emer-

In an emergency, call **112**

- Explain, what has happened, and whether anyone is in danger
- Give the address:

Office and field: **Kiimassuontie 127, 30420 Forssa**

- Prepare to answer questions.
- You may receive instructions, act how you are instructed
- Do not end the call until you are given permission to do so
- Keep the line free until help arrives. Call 112 again, if anything changes.

What to do in the event of

- **RESCUE** – Rescue anyone in danger. Warn others.
- **EXTINGUISH** – Use emergency fire extinguishing equipment if it is possible to do so without putting yourself in danger.
- **CALL 112** – Call the emergency services from a safe place or sound the alarm using the fire alarm button.
- **LIMIT** – Limit the fire by closing doors and windows behind you, and turn off the ventilation system.
- **DIRECT** – Direct the rescue department to the site.
- **REPORT** – Notify other employees in the area and, if necessary, others who are in the area.
